Fall Semester 2026-27 | Side-by-Side Category & Slot Matrix

Academic Session:	Fall Semester 2026-27
Structure:	Side-by-Side Morning / Afternoon Session Comparison
Total Subjects:	13 Distinct Course Codes (Theory & Lab Components)
Co-occurrence Mapping:	Multiple subjects in the same slot are listed in consecutive rows immediately
Scope:	Unified Curriculum Category & Slot Master Directory

Note: This document provides a structural side-by-side layout of all offered courses, enabling you to easily compare Morning vs. Afternoon sessions within each curriculum category. If multiple subjects share the same time slot, they are listed in consecutive rows immediately, making scheduling clashes obvious and helping you make informed registration decisions.

Side-by-Side Category & Slot Directory

This master table aligns Morning and Afternoon slots side-by-side, categorized by curriculum type (Discipline Core, Discipline Elective, Open Elective). When multiple subjects share the same slot (e.g. Slot B1/B2, D1/D2), they are shown in consecutive rows immediately below each other.
